At what stage in the game do you play the TRUMP card?

Q

**TRUMP
CARD is a
'military
deception'**

The military is concerned with C²W, an IW subset.³ As shown in Figure 3, C²W also spans the conflict spectrum, but differently for its individual constituents. For example, military deception is a "trump card" played only when the stakes are highest—wartime—as it frequently requires misinformation from a reliable source that, once used in this fashion, becomes suspect. On the other hand, operations security (OPSEC) is routinely practiced by the military to deny potential adversaries critical information about friendly forces.

PSYOP are defined as "planned operations to convey selected information and indicators to foreign audiences to influence their emotions, motives,

We serve at the pleasure of the President.

We left the decision on timing to him.

Today, at the rally, he made his decision.

From Wikipedia, the free encyclopedia

The Fool is one of the 78 [cards](#) in a [tarot](#) deck. Traditionally, it is the lowest of the 22 [trump cards](#), in tarot card reading called the 22 [Major Arcana](#). However, in [tarot card games](#) it developed to be not one of the (then 21) trump cards but a special card, serving a unique purpose by itself. In later Central European tarot card games, it re-developed to now become the *highest* trump. As a consequence and with respect to his unique history, The Fool is usually an unnumbered card with a unique design; but sometimes it is numbered as 0 (the first) or more rarely XXII (the last). Design and numbering-or-not clearly indicate its role as a trump or special card in the specific game.^{[*[citation needed](#)*]}

Iconography [\[edit \]](#)

The Fool is titled *Le Mat* in the [Tarot of Marseilles](#), and *Il Matto* in most Italian language tarot decks. These [archaic words](#) mean "the madman" or "the beggar".

In the earliest tarot decks, the Fool is usually depicted as a beggar or a vagabond. In the [Visconti-Sforza tarot deck](#), the Fool wears ragged clothes and stockings without shoes, and carries a stick on his back. He has what appear to be feathers in his hair. His unruly beard and feathers may relate to the tradition of the [woodwose](#) or [wild man](#). Another early Italian image that relates so-called *Tarocchi of Mantegna*
